

We had such a great week at Sickles with so many fun events. Thank you to **Dr. LaBrocca** and the **FH PTA** for another spectacular art show! The students were so excited guide their loved ones around the displays.

On Thursday the **Count Basie Theatre** sponsored a visit by **Kennedy Center Teaching Artist, Ryan Hourigan**. Staff from Fair Haven and Red Bank learned more about how to integrate the arts when teaching students with Autism.

On Friday the **Story Pirates** left everyone laughing as they brought our students' stories to life! Thanks **FH PTA** for your generosity.

Just in time for National Poetry Month, our first and second grade students are engaged in their Writing Workshop Poetry units and our wonderful music teacher, Mr. Mottern, is integrating a variety of experiences for our students in all grade levels to immerse themselves in poetry.
